## ONLINE SERVICE

Enjoy a full, prerecorded service from home. The sermon is recorded each Sunday morning and made available online the following Sunday morning. Online viewing is a week behind in-person meetings.

## FIRST SERVICE, SUNDAY 9:00AM MODIFIED SERVICE

This is open to the general public for anyone **completely symptom free**. Social distancing and masks **are required** while inside the building. Those who fall within the mask mandate exemption are encouraged to attend the second service. This service consists of a time of prayer, scripture reading, time of reflection during special music, and a live sermon; there is no out-loud congregational singing. All attendees are encouraged to fellowship together before and after service; being sensitive to and respectful of the convictions of others.

## SECOND SERVICE, SUNDAY 10:30AM REGULAR SERVICE

This is open to the general public for anyone **completely symptom free**. Under the current state mandate, masks are required to be worn by all those not covered under the exemptions list. Anyone who is exempt from the mask mandate is welcome to attend this service. Second service is similar to a pre-COVID style of service, including corporate singing. All attendees are encouraged to fellowship together before and after service, being sensitive to and respectful of the convictions of others.
